

One Cable Solution

chaparral.net/one-cable-solution/

The One Cable Solution is Mexico's favorite choice for television systems requiring more than one receiver. Designed for homes and businesses with multiple receivers, the One Cable Solution can be easily installed for both high definition and standard digital television. The One Cable Solution utilizes Chaparral's patented ceramic filter technology to deliver years of trouble free performance for a reasonable price.

This superior performing LNB is backed by a solid two year factory warranty. All One Cable Solution LNBFs leave the factory pre-tested so that they are ready to perform in harshest environments.

One Cable Solution

Price: \$39.00

We're Sorry

Features:

- Patented ceramic filter technology
- 2-Year Factory warranty
- Easy to Install
- Water Resistant

Specifications

Part Number	11-7247-1
Input Frequency	11.7- 12.2 GHz
Output frequency	H Band 950-1450 MHz V Band 1600-2100 MHz
Output Connector Type	“F” Female Connector
Conversion Gain	58 dB typical
Polarization	Linear; Horizontal and Vertical
Cross Pol. Isolation	20 dB Minimum
Weight	330g
Noise Figure	.8dB typical
LO frequency	High band 10.75 Low band 10.1 GHz
LO stability	+/- 1MHz
